GN Electronics Acquisition Announcement

GN Electronics has been acquired by Preferred Utilities Manufacturing Corporation of Danbury, CT.

Preferred Utilities Manufacturing Corporation is an engineering-based manufacturer of products for commercial, institutional, industrial and nuclear power facilities. Our products include fuel oil handling systems and components, boiler instrumentation and controllers, high quality burners and nuclear power plant outage reduction tools and component parts. Preferred's manufacturing, engineering and administrative headquarters is located in Danbury, Connecticut with regional sales offices located in Massachusetts, South Carolina, Texas, and Oregon.

A primary focus of this acquisition is to enhance the competitiveness of the GN Electronics product line without disrupting day-to-day operations. In addition, Preferred Instrument's products will soon be available through GN Electronics' sales channels. Gary Wild and John Eley can be reached through Preferred's factory headquarters at (203) 743-6741.

More information about Preferred Utilities and its products can be found at www.preferred-mfg.com

As additional information is available, it will be posted on this website and on Preferred's website.

Sincerely,

David Eoff
National Sales Manager
